Mission Statement:

To build and develop life skills
and character traits that
contribute to the overall success
of our youth.

Sports Camp for Life summer camp is the Character Enrichment Program designed for middle school students ONLY. We help build and develop the life skills and character development for this specific age group of young men and women. While developing these important skills they get the opportunity to meet professionals who use these skills daily. Pro football players, basketball players, college coaches, college athletes along with successful professionals who have moved on beyond their professional sports careers. Sports Camp for Life wants to help develop the overall person, not just athletics or character, one cannot survive without the other.
